2	1. Ankle Boot in Rubber could be made by only 2 manufactures in India. That's why you could not able to get proper supply.  My suggestion Please change this product to 'VIRGIN P.V.C' that way you could able to get better product with so many manufacturers and for better price.	<b>Bid condition is confirmed</b>
3	Ankle boot made out of rubber are skin friendly and good for children. PVC make material are not skin friendly and can be harmful for children.	<b>Bid condition is confirmed</b>
